

## Working towards a research question: Question stems

Create at least FIVE research questions about YOUR topic using the questions stems below. If you want to create a question that doesn't use one of these stems, go for it!

What led to...?

---

---

What were the effects of ...?

---

---

Who/what influenced ... to...?

---

---

What is the relationship between... and ...?

---

---

How did ... impact...?

---

---

What is/was the role of ... on/in...?

---

---

How does ... connect to ...?

---

---

How does/did ... affect...?

---

---

Why...?

---

---

Research Question Words to Think About:

Impact (n. a powerful or major influence)

Correlate (v. to have a close connection with something)

Affect (v. to act on something and cause a change)

Effect (n. a change that results when something is done or happens)
